

How much are those jeans? (1)

This sheet works by asking how much things cost.

Something in or close to your hands:

How much is **this** book?

How much is **this**?

How much are **these** books?

How much are **these**?

Something that is not in your hands or not close to you:

How much is **that** coat?

How much is **that**?

How much are **those** coats?

How much are **those**?

Ask how much these items are, using the correct vocabulary:

ex.) The jeans you are holding.
