## Another -vs- Other (1)

| <u>Another</u> refers to a <i>different</i> thing or group of items, people, etc.<br>(ex.1) or it means one more/one different of something(ex.2)  |                              |
|--|------------------------------|
| ex 1: I have many friends. One friend is a doctor, another is a lawyer   |                              |
| and another is a police officer.   |                              |
| <b>ex 2:</b> I finished my beer. Can I have <b>another</b> one?  |                              |
| ** <u>Single countable nouns follow <b>another</b>!!</u>   |                              |
| Other refers to different members of one same original group.  |                              |
| <b>ex:</b> Some people like big dogs and <b>other people</b> like small dogs.  |                              |
| ( <u>People</u> is the original group: Some people- <b>Other people</b> )  |                              |
| ** <u>Other</u> is followed by a plural noun (pens) or uncountable nouns.  |                              |
| Choose another or (the) other for the spaces below:  |                              |
| 1. I dropped my ice cream cone. Can I have one, please?  |                              |
