

Another, Other and Others (1)

Another refers to:

1. one different thing or group of items, people, etc.

I have many friends. One friend is a doctor, **another** is a lawyer and **another** is a police officer.

2. one more of something or one more of the same kind

I finished the cookie. Can I have **another** one?

****Single nouns follow another!**

Other & Others refer to different members of the same original group.

ex: Some people like big dogs and **other people/others** like small dogs.

(People is the original group: Other people/Others are different members)

****Other is followed by a plural noun (pens) or uncountable noun.**

****Others has no noun following it.**

Choose **another**, **other** or **others** for the spaces below:
