

Was it WORTH IT or not?? (1)

Worth It or Not Worth It are expressions to say that the time or money we spent on something was the same as our enjoyment or satisfaction of that thing.

If I spent \$100 on an oyster dinner, but was still really hungry after, I might say, "That dinner **wasn't worth it!**" The **it** is talking about the \$100 and this money doesn't match my satisfaction.

*Finish these sentences with **..it was worth it or ..it wasn't worth it.***

ex.) My oyster dinner cost \$100, but I was still very, very hungry after.
